

# GAGE BILT...solutions

## Introducing the GBP730NAS56 and GBP730NAS56-1

GAGE BILT now offers a complete installation kit for 5/32" thru 3/16" NAS Tension and NAS Shear lockbolts. The GBP730NAS56 comes with a set of straight noses to install -5 & -6 diameters, bleeder bottle, grip scale and pintail catcher bag. The dash one kit also includes an adapter and offset noses, must items for re-work operations. All these items are stored in an easy access carrying case with manuals and data sheets.

Please view the back of this flyer for pictures of your NAS fasteners and noses to match. We also provide a list of the NAS fasteners for easy identification. Self-Releasing noses are also available separately for pull-in applications.
